Compliance/Approvals

AS/NZS 3191

Declared Article certification: ESV180150

Behaviour in flame and fire:

Flame retardant

Maximum operating temperature

For flexible application: 60 °C

For installation wiring: 90 °C

Minimum bending radius

4D

Flexibility

Very flexible

Resistance to

Chemical exposure: Occasional

Mechanical impact: Light

Water exposure: Occasional condensation

Solar radiation and weather exposure: Occasional

Cable design

Conductor:

Stranded circular copper conductor class 5 to AS/NZS 1125

Insulation:

V-90 according to AS/NZS 3808

Colours:

2C – Brown, Light Blue

3C – Brown, Light Blue, Green/Yellow

4C – Brown, Light Blue, White, Green/Yellow

5C – Brown, Light Blue, Orange, White, Green/Yellow

Sheath:

5V-90 according to AS/NZS 3808

Outer sheath colour:

White

Grey

Black

Orange

Prysmian Group is world leader in the energy and telecom cable systems industry. With almost 140 years of experience, sales exceeding €11 billion (pro-forma as of 31.12.2017), about 30,000 employees in over 50 countries and 112 plants, the Group is strongly positioned in high-tech markets and offers the widest possible range of products, services, technologies and know-how.

The Prysmian Group corporate brand, operates in the market through three distinct commercial brands – Prysmian, Draka and General Cable. These are three of the global cable industry’s strongest brands, characterised by highly complementary products and services. We use our three commercial brands when talking about products and solutions, and each represents a specific part of the overall offering that Prysmian Group presents to its customers.
